& SPECIFICATIONS**

**AIRBOX**<sup>™</sup>  
P E A K S E R I E S - C

# CLEAN AIR PURE & SIMPLE.

When utilized in the home kitchen, the Peak Series-C is categorically the most effective and efficient Air Purifier on the market. The Series-C is typically built into custom cabinetry and purifies the air quietly, efficiently, and without being noticed. Upon request, cutting templates can be provided to any cabinet or home builder for kitchen or built-in installations. Like the name suggests, the Peak Series-C features the highest quality air filtration materials and provides the purest air money can buy.

## HIGHLY DURABLE WOOD CONSTRUCTION

Handcrafted by American craftsmen in South Carolina, the Series-C is constructed of beautiful birch wood that blends seamlessly with the interior of your cabinetry.

## FAN & MOTOR HOUSING UNIT

Designed and built by German Engineers, the Heart of the Series-C is the most advanced Fan / Motor assembly available today. Built to run 24 hours a day, 7 days a week for a lifetime. The Fan & Motor package provides over 12,000 cubic feet per hour (CFH) of clean air using less than 50 watts of power. If sheer volume is what you need, the Series-C can deliver over 24,000 CFH at less than 170 watts.

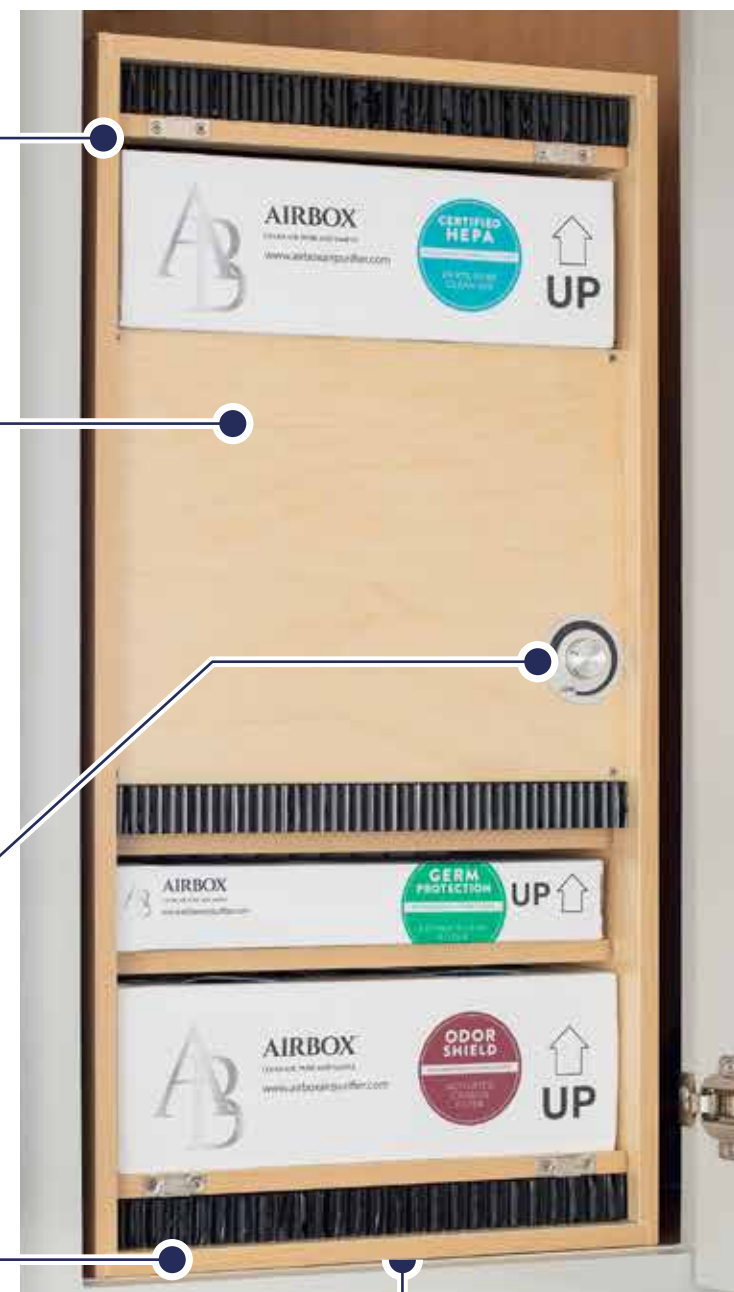

## POWER & SPEED CONTROL KNOB

The speed and volume control of the Peak Series-C is provided by a simple dial on the front of the motor housing. Thereby, eliminating complex electronics or boards and mitigating electrical issues.

## AIR CHANNELLING HONEYCOMB

Located at the top, middle, & bottom of the Series-C, airflow is guided evenly onto the filters for capturing the maximum amount of airborne particulate.

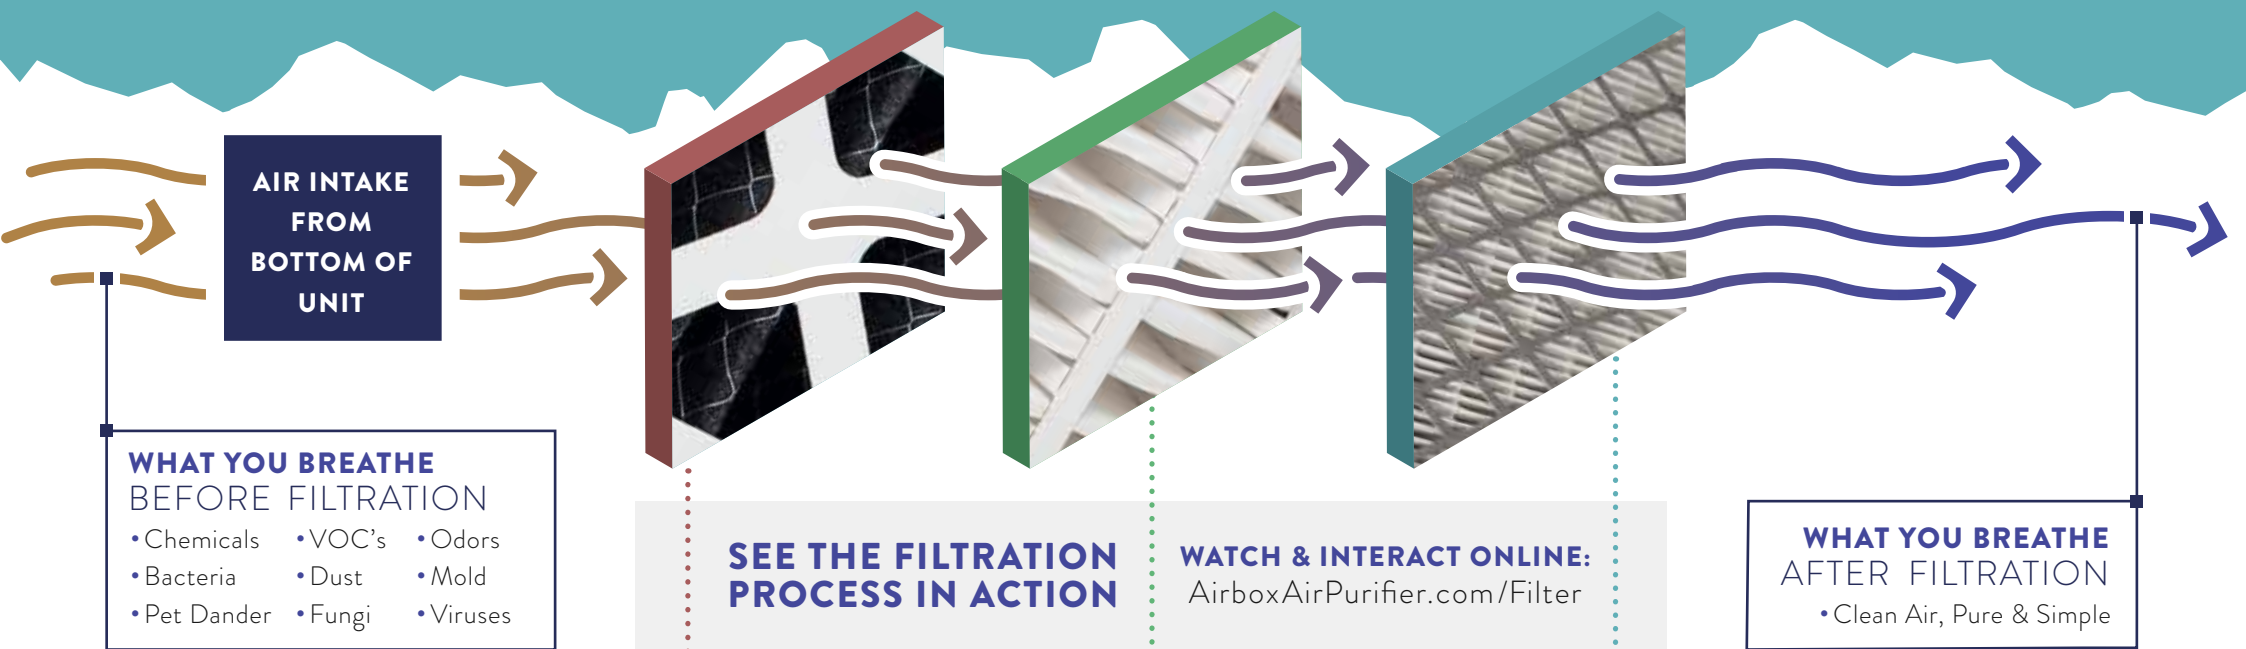

**3 COLORS AVAILABLE:** BLACK WHITE GRAY

## AIR INTAKE

It all starts here. Providing over 24,000 cubic feet per hour of Antimicrobial, Chemical, and HEPA Filtration, it measures a mere 13" x 13" x 26" in size.

# STATE-OF-THE-ART AIR FLOW & FILTRATION

## 1

### ODOR SHIELD ACTIVATED CARBON FILTER

When passing through the Activated Carbon Filter the air is cleansed of Chemicals, Volatile Organic Compounds (VOC's), Bioeffluents, and Unpleasant Odors. Unique to our activated carbon filter, the carbon particles are prevented from releasing downstream into the other filters, dramatically increasing the Series-C effective life cycle.

**!** **EXTREME ODOR SHIELD** is also available. These heavyweight carbon filter purifies even the worst and smelliest kitchen air situations.

## 2

### GERM PROTECTION ANTIMICROBIAL FILTER

The Series-C Antimicrobial Filter is 99.9999% effective at capturing and inhibiting the growth of airborne microbes. A microbe is a living thing that is too small to be seen with the naked eye. Many of these airborne microbes can be harmful (and in some cases deadly) to humans, including: Bacteria, Protists, Fungi, Viruses, and Microscopic Plants & Animals.

## 3

### PURIFYING HEPA CERTIFIED HEPA FILTER

High Efficiency Particulate Air (HEPA) filters are the World Standard for the provision of "Clean Air". The Series-C HEPA filter is 99.99% effective in removing particulate size of 0.3 micron and even more effective in capturing smaller particles. Unique to the Series-C HEPA is the Controlled Media Spacing which enables the unit's high-flow capacity.

### PERFORMANCE SPECS

Watts	Cubic Feet Per Minute	Cubic Feet Per Hour	Decibels
5	50	3,000	32
10	100	6,000	34
30	180	10,800	46
60	250	15,000	52
100	300	18,000	67
160	400	24,000	72

### MAX FLOW RATE

**3,000** SQUARE FEET PER HOUR

OR

**24,000** CUBIC FEET PER HOUR

This large volume capacity means the Peak Series-C handles the largest homes with ease.

## NEED TO ORDER NEW FILTERS?

You are able to order new filters online as well as set-up a reoccurring delivery of filters when changing is recommended. For more information please visit us online at:

**[AirBoxAirPurifier.com/Order-Filters](http://AirBoxAirPurifier.com/Order-Filters)**

## SPECIAL PRICING FOR BUILDERS & DESIGNERS

For more information, please speak to an AirBox sales representative.

## LIFETIME WARRANTY ON MATERIALS & CRAFTSMANSHIP

As American Craftsmen, AirBox stands by our product with a lifetime warranty on materials and craftsmanship as well as a 10 year warranty of the Fan & Motor Package inclusive of electrical circuitry.
